

AUSTRALIAN INTERNATIONAL 3 DAY EVENT MEDIA ACCREDITATION GUIDELINES

To cover the 2019 Australian International 3 Day Event, representatives of media organisations must apply for accreditation. Interested parties are required to complete and return an application form by the required deadline.

Organisers of the 2019 Australian International 3 Day Event are solely responsible for determining which organisations and individuals receive accreditation.

All media approved for accreditation at the 2019 event will receive free access to the event as well as access to the Media Centre. Information and results will be available for all accredited media, as are nightly press conferences with the leading riders of the CCI4*. WiFi will be available as will tea and coffee making facilities. FEI rules prohibit media from accessing the stables, however the #Aus3de media officers will be able to facilitate interviews with riders.

Each accredited media operator will be issued with an accreditation pass which must be worn and displayed at all times.

On Cross Country day Media bibs will be issued to Official TV Crews and photographers. As space on the island at the water jump in Rymill Park is limited, it may not be possible to accommodate all photographers. Please advise Media Centre staff when you arrive at the event if you wish to be positioned on the Island and we will do our best to accommodate your request. For safety and security, accreditation **MUST BE** worn at all times for media to gain access to the Cross Country track and designated media areas.

Any media in the designated media areas without accreditation and bibs **WILL BE REMOVED** by security.

Dressage and Show Jumping:

A designated media area adjacent to the main arena will be set aside for media use during the Dressage and Show Jumping phases.

Cross Country Day:

The cross country phase field of play (FOP) is designated by ropes and barriers. Media wearing bibs and credentials may move inside the FOP at no further than arm's distance from the tape or barrier.

Media are not allowed to cross the FOP except at designated cross over points or at jumps (at the permission and instruction of the jump judge.)

Photographers and media personnel must abide by all directions given by competition officials, including jump judges (located at each cross country jump), the technical delegate, cross country course designer or any other identified event official.

Personnel who do not comply with the directions of competition officials may be removed from the event and their accreditation immediately cancelled.

We seek your cooperation in ensuring the accreditation guidelines are respected.

The safety of those involved in the event is our prime concern and we are certain all media will be able to do their jobs within the guidelines. A breach of the guidelines or refusal to follow the reasonable direction of the Event Organisers and security will result in the immediate forfeit of accreditation.

Please provide details of necessary additional information, including any physical limitations that may require special accommodation at the Media Centre.

For a freelance media accreditation pass to be issued the applicant must provide a 'Letter of Assignment' from a recognised media organisation. The organisers will be verifying the nature of all commissions.
